Группы видов разрешенного использования земель промышленности, энергетики, транспорта, связи, радиовещания, телевидения, информатики, земель для обеспечения космической деятельности, земель обороны, безопасности и земель иного специального назначения

Номер группы	Состав видов разрешенного использования
1	2
1	земельные участки для размещения наземных объектов космической инфраструктуры, включая космодромы, стартовые комплексы и пусковые установки, командно-измерительные комплексы, центры и пункты управления полетами космических объектов, пункты приема, хранения и переработки информации, базы хранения космической техники, районы падения отделяющихся частей ракет, полигоны приземления космических объектов и взлетно-посадочные полосы, объекты экспериментальной базы для отработки космической техники, центры и оборудование для подготовки космонавтов, другие наземные сооружения и техника, используемые при осуществлении космической деятельности; земельные участки, предоставленные для размещения аэропортов, аэродромов, аэровокзалов, взлетно-посадочных полос, других наземных объектов, необходимых для эксплуатации, содержания, строительства, реконструкции, ремонта, развития наземных и подземных зданий, строений, сооружений, устройств и других объектов воздушного транспорта; земельные участки для размещения гидроэлектростанций, атомных станций, ядерных установок, пунктов хранения ядерных материалов и радиоактивных веществ, хранилищ радиоактивных отходов, тепловых станций и других электростанций, обслуживающих их сооружений и объектов
2	земельные участки для размещения производственных и административных зданий, строений, сооружений и обслуживающих их объектов, в целях обеспечения деятельности организаций и (или) эксплуатации объектов промышленности; земельные участки для установления полос отвода железных дорог, переданные в аренду гражданам и юридическим лицам для сельскохозяйственного использования, оказания услуг пассажирам, складирования грузов, устройства погрузочно-разгрузочных площадок, сооружения прирельсовых складов (за исключением складов горюче - смазочных материалов и автозаправочных станций любых типов, а также складов, предназначенных для хранения опасных веществ и материалов) и иных целей при условии соблюдения требований безопасности движения, установленных федеральными законами
3	земельные участки под объектами дорожного сервиса
4	земельные участки для разработки полезных ископаемых, предоставляемые организациям горнодобывающей и нефтегазовой промышленности после оформления горного отвода, утверждения проекта рекультивации земель, восстановления ранее отработанных земель; земельные участки для размещения воздушных линий электропередачи, наземных сооружений кабельных линий электропередачи, подстанций, распределительных пунктов, других сооружений и объектов энергетики; земельные участки для размещения железнодорожных путей; земельные участки для установления полос отвода железных дорог, за исключением земельных участков, переданных в аренду гражданам и юридическим лицам для сельскохозяйственного использования, оказания услуг пассажирам, складирования грузов, устройства погрузочно-разгрузочных площадок, сооружения прирельсовых складов (за исключением складов горюче - смазочных материалов и автозаправочных станций любых типов, а также складов, предназначенных для хранения опасных веществ и материалов) и иных целей при условии соблюдения требований безопасности движения, установленных федеральными законами; земельные участки для размещения автомобильных дорог, их конструктивных элементов и дорожных сооружений; земельные участки для установления полос отвода автомобильных дорог, за исключением земельных участков под объектами дорожного сервиса; земельные участки искусственно созданных внутренних водных путей; земельные участки береговой полосы; земельные участки для размещения нефтепроводов, газопроводов, иных трубопроводов; земельные участки для установления охранных зон с особыми условиями использования земельных участков; земельные участки для размещения кабельных, радиорелейных и воздушных линий связи и линий радиодиффузии на трассах кабельных и воздушных линий связи и радиодиффузии; земельные участки для размещения подземных кабельных и воздушных линий связи и радиодиффузии; земельные участки для размещения наземных и подземных необслуживаемых усилительных пунктов на кабельных линиях связи; земельные участки для размещения наземных сооружений и инфраструктуры спутниковой связи
5	земельные участки для размещения эксплуатационных предприятий связи, у которых на балансе находятся радиорелейные, воздушные, кабельные линии связи и соответствующие полосы отчуждения; земельные участки для размещения, эксплуатации, расширения и реконструкции строений, зданий, сооружений, в том числе железнодорожных вокзалов, железнодорожных станций, а также устройств и других объектов, необходимых для эксплуатации, содержания, строительства, реконструкции, ремонта, развития наземных и подземных зданий, строений, сооружений, устройств и других объектов железнодорожного транспорта; земельные участки для размещения автовокзалов и автостанций, других объектов автомобильного транспорта и объектов дорожного хозяйства, необходимых для эксплуатации, содержания, строительства, реконструкции, ремонта, развития наземных и подземных зданий, строений, сооружений, устройств; земельные участки морских и речных портов, причалов, пристаней, гидротехнических сооружений, других объектов, необходимых для эксплуатации, содержания, строительства, реконструкции, ремонта, развития наземных и подземных зданий, строений, сооружений, устройств и других объектов морского, внутреннего водного транспорта; земельные участки для размещения объектов, необходимых для эксплуатации, содержания, строительства, реконструкции, ремонта, развития наземных и подземных зданий, строений, сооружений, устройств и других объектов трубопроводного транспорта; земельные участки охранных, санитарно-защитных, технических и иных зон с особыми условиями земель промышленности и иного специального назначения
6	земельные участки для строительства, подготовки и поддержания в необходимой готовности Вооруженных Сил Российской Федерации, других войск, воинских формирований и органов (размещение военных организаций, учреждений и других объектов, дислокация войск и сил флота, проведение учений и иных мероприятий); земельные участки для разработки, производства и ремонта вооружения, военной, специальной, космической техники и боеприпасов (испытательных полигонов, мест уничтожения оружия и захоронения отходов); земельные участки для создания запасов материальных ценностей в государственном и мобилизационных резервах (хранилища, склады и другие); земли иного специального назначения
7	земельные участки иных видов разрешенного использования, включенные в перечень объектов оценки
